

DECISION MAKER

- Cut around the outside lines to cut the decision maker square out.
- Fold the square in half horizontally and vertically (opening out in between each) to create creases along these lines.
- Flip the square so the printed side is facing down.
- Fold in the corners so the tip of each corner is now in the middle.
- Turn over and fold the corners into the centre again
- Fold the paper in half again in both directions (open in between as before)
- Turn over and write 1,2,3,4 on each section
- On the underside, write/ colour a different colour on each triangle
- Open up each triangle and write down your various choice options on the internal triangles. Fold back down after
- Turn over and pop open each corner by lifting the centre flap.
